OFFICE OF THE SURGEON-GENERAL
WITH THE GOVERNMENT OF BOMBAY :
Poona, 8th May 1935.

FROM

LIEUT.-COLONEL K. G. GHARPUREY, I.M.S.,
Officiating Surgeon-General with the
Government of Bombay, Poona ;

To

THE SECRETARY TO GOVERNMENT,
General Department,
Bombay.

Subject.—Annual Report on Mental Hospitals in the Bombay Presidency for the year 1934.

Sir,

I have the honour to submit the Annual Report on Mental Hospitals in the Bombay Presidency for the year 1934.

2. *Buildings.*—The buildings of the several Mental Hospitals are in good state, the necessary repairs having been carried out by the Public Works Department. No new major works were carried out during the year owing to financial stringency.

3. *Water supply.*—The water supply has been good and fairly sufficient.

STATEMENT No. I.—*Population.*

4. The total population of the Mental Hospitals during the year under report was 2,899 as compared with 2,895 in 1933. Admissions including re-admissions numbered 647 males and 218 females during the year against 657 males and 221 females respectively in 1933. The daily average strength was 2,108·0 as compared with 2,045·5 in 1933.

Discharge and Cures.

5. In the year under review, 380 patients were discharged cured, 116 improved, 54 not improved and 50 discharged otherwise.

Sickness and Mortality.

6. The daily average number of sick treated in hospitals was 112·1 against 114·3 in the previous year. The percentage of sickness to the daily average strength was 5·3 against 5·5 in 1933. The health of the patients was generally good during the year.

7. There were 159 deaths against 216 in 1933 and 186 in 1932. It is gratifying to note that the number of deaths has been much on the decrease. The ratio of deaths percentage of the daily average strength was 7·5 as compared with 10·5 in the previous year. The subjoined table gives the ratio of deaths percentage to the daily average strength at the several Mental Hospitals :—

Mental Hospitals.	Males.	Females.	Total.
Naupada, Thana	15·7	17·3	16·2
Ratnagiri	4·4	2·4	3·9
Central Mental Hospital, Yeravda. (E. ..	2·1	....	1·3
(I. ..	5·3	3·6	4·6
Dharwar	6·2	3·7	5·4
Ahmedabad	5·0	8·6	5·8
Hyderabad (Sind)	7·4	18·9	8·9
Total ..	7·6	7·4	7·5

8. The chief causes of deaths at the various Mental Hospitals during the year were Dysentery (17), Malaria (17), Nervous Diseases (13), Pneumonia (9), Tuberculosis (12) and Diarrhœa (5).

STATEMENT No. I-A.

9. During the year 350 cases were sent for observation to the various Mental Hospitals. Of these 251 were certified and admitted into Mental Hospitals and 89 released as uncertifiable.

STATEMENT No. II.—*Criminal Insanes.*

10. The total number of criminal insanes confined in the Mental Hospitals during the year 1934 was 176 (166 males and 10 females) with a daily average strength of 118·6.

STATEMENT No. III.—*Religion.*

11. Of the 865 cases admitted for treatment during the year, 13 were Europeans and Eurasians, 75 Indian Christians, 526 Hindus, 192 Mahomedans and 59 belonged to other castes.

STATEMENT No. IV.—*Previous occupations of the Insanes admitted.*

12. Domestic and private servants 142 including house-wives furnished the largest number of admissions followed by labourers (66), farmers and cultivators (53), clerks (48), students (46), merchants (28), coolies (22), beggars (18), millhands (14) and 222 of other known occupations. In 15 cases, the previous occupation could not be ascertained and 191 had no occupation.

STATEMENT V.—*Ages of insanes admitted.*

13. Sixty-six insanes were under 20 years of age on admission, 608 between 20 and 40, 166 between 40 and 60 and 25 were upwards of 60 years.

STATEMENT No. VI.—*Types of Insanity.*

14. Among the types of insanity treated the principal were, Mania 810 against 898 in 1933, Melancholia 593 against 551, Dementia Præcox 375 against 324, Insanity due to Cannabis Indica or its preparations or derivatives 130 against 121, Delusional Insanity 122 against 126, Confusional Insanity 58 against 46, Imbecility 146 against 155 and Idiocy 53 against 49.

STATEMENT VII.—*Ætiological factors and associated conditions in the insanes admitted.*

15. The principal predisposing and exciting causes were Mental Stress 153 against 129 and Mental Instability 157 against 93 in the previous year. Owing to defective history the causes of insanity could not be ascertained in 59 cases against 101 in 1933.

STATEMENT No. VIII.—*Cash Accounts.*

16. The receipts from paying patients in 1934, amounted to Rs. 1,77,154 against 1,78,213 in 1933. The value of stores received from the manufacturing Departments less cost of raw materials was Rs. 14,377 against Rs. 22,964 in the previous year. The total receipts under the two heads amounted to Rs. 1,91,531 compared with Rs. 2,01,177 in 1933.

17. The total expenditure amounted to Rs. 7,04,583 as compared with Rs. 7,43,426 in 1933. Deducting the receipts the net expenditure was Rs. 3,14,547 against Rs. 3,31,928.

18. The following table shows the cost per annum per head of the daily average strength in the several institutions during the past two years :—

Mental Hospitals.	1933.	1934.	
	Rs.	Rs.	
Naupada, Thana	212	205	
Ratnagiri	213	189	
Central Mental Hospital, Yeravda ..	376	331	Admits European patients also.
Dharwar	154	164	
Ahmedabad	217	207	
Hyderabad (Sind)	194	174	

19. *Employment and Amusements.*—The employment of patients on such work as gardening, grinding, bidi-making, tailoring, carpentry, canework, weaving and helping in the domestic duties (cooking, sweeping, etc.), connected with the Mental Hospitals continues as in previous years. Rs. 2,812 were expended during the year for the amusements and recreation of the insanes against Rs. 2,883 in 1933.

Visitors.

20. The official visitors at all the Mental Hospitals were regular in their attendance.

Accommodation and staff.

21. With a view to avoid overcrowding of the Mental Hospitals and to set free some additional accommodation, reciprocal arrangements with other provinces and Indian States were abrogated. However on account of the rush of mental patients all the hospitals are still overcrowded and there is urgent need of additional accommodation. With this object in view rough plans and estimates for additional accommodation of 304 incurable patients at the Central Mental Hospital, Yeravda, have been submitted to Government.

The following additional staff has been sanctioned for the Central Mental Hospital, Yeravda, since April 1934.

Compounder	1
Male attendants	6
Female attendants	7
Cook	1
Brahmin cook	1
Dhobis	2
Barber	1
Tailor	1
Male sweepers	7
Female sweepers	5

22. A summarised report of the Central Mental Hospital, Yeravda, is published as an appendix.

I have the honour to be,

Sir,

Your most obedient servant,

(Signed) K. G. GHARPUREY,

Lieut.-Colonel, I.M.S.,

Officiating Surgeon General with the Government of Bombay.

Annual Report of the Central Hospital for Mental Diseases, Yeravda.

For the year 1934.

Major Moore Taylor, I.M.S., officiated as Superintendent from the 1st January to the 15th June when he was recalled to his own province.

Lieut.-Col. A. H. Harty, I.M.S., Civil Surgeon, Poona, took charge collaterally from the 16th June to the 10th August and I was able to resume my permanent appointment on return from leave on the 11th August.

The year opened with 852 patients as compared with 880 in the previous year. There were 200 male and 106 female admissions a total of 306 as against a total of 288 in 1933. Of the 306 admissions 12 were readmissions.

The number of beds provided is 860 and the daily average number resident was 869.

For years an increase of accommodation has been advocated but so far Government has been unable to provide the necessary funds for the provision of new buildings. At present we are unable to accede to every request for admission and during the past few years at intervals we have been compelled to transfer chronic patients to other mental hospitals in order to provide accommodation for acute cases and others for whom admission cannot be refused.

Voluntary Boarders.—33 were admitted under this category during the year. Of this number 5 were discharged as "recovered", 8 as "improved", 5 as "not improved", 1 died and at the close of the year 14 remained.

The total number of patients treated in the year was 1,158. The discharges as "recovered" numbered 110, those as "improved" 51, and as "not improved" 33. Six were transferred to the United Kingdom and 2 to other Mental Hospitals in India. There were 36 deaths and the total that remained on the last day of the year was 896.

Finance.—The total receipts during the year was Rs. 3,97,209 as against Rs. 4,38,637 in 1933. The decrease was due to a lesser amount received from the treasury and to there being no new construction work.

The amount received from paying patients was Rs. 1,09,546 as against Rs. 1,09,376 of the previous year. Though this amount has increased steadily year by year, there are no prospects of its reaching such a figure as to relieve the finances of the province to any material extent.

Proposals are now before Government to sanction the levying of a higher rate of fees as maintenance on a new basis and when this scheme materializes it may be possible to derive a greater income but the problem of collecting all the sums rightly due will ever be present as even Municipalities and local bodies are ever ready to shift their financial liabilities to others and to Government whenever possible.

The total expenditure for the year was Rs. 2,86,475 making the cost per annum of each patient to Government Rs. 330 approximately.

This is an extremely low figure for which little credit is taken as the greater portion of the reduction has been achieved by treating an increased number of patients with a small corresponding increase of personnel to a very inadequate staff and by the diminished cost of most articles due to the continued slump in prices.

In spite of a need for economy the shortage of staff should be remedied as we are not carrying out the objects for which we exist.

Proposals will in due course be submitted in order to remedy these defects.

Amenities.—Through Mr. A. C. Patel and the courtesy of Madan Theatres, Limited, Poona, 15 free tickets are provided twice weekly for our use either at the West End Cinema or the Empire Cinema and this privilege is greatly appreciated by the suitable patients who are chosen to attend.

We have continued to play cricket, hockey and football during the respective seasons and within the hospital grounds proper, our tennis courts have been used though somewhat spasmodically.

The usual monthly dances on a Tuesday have been thoroughly enjoyed while the remaining Tuesday evenings have been spent at parlour games chiefly.

Our Visitors committee have attended the monthly meetings assiduously when required and have given their most cordial support. Mrs. C. C. Inglis and Mrs. K. B. Dastur members of the Committee and Mr. A. C. Patel, who is not a member of our Committee have rendered us most valuable assistance for which we are and always will be most grateful.

(Signed) E. C. A. SMITH,
Major, I.M.S.,
Superintendent,
Central Mental Hospital, Yeravda.

Dated 28th February 1935.
